(INDIVIDUAL CONSULTING SERVICES)
RE-ADVERTISEMENT**

**Africa Development Bank
Renewable Energy and Energy Efficiency Department
Sustainable Energy Fund for Africa**

**Consulting services relating to the Africa Energy Transition Catalyst (AETC)
Program
AETC Program Officer**

Individual Long-term Consultant

1. The African Development Bank (“the Bank”), as the administrator of SEFA, hereby invites Individual Consultants (“Consultants”) to indicate their interest to provide services for the following assignment: Africa Energy Transition Catalyst (“AETC”) Program Officer.
2. The Sustainable Energy Fund for Africa (“SEFA”) is a Special Fund that provides technical assistance, project preparation support and catalytic finance to unlock private sector investments related to grid-connected and off-grid renewable energy generation, as well as energy efficiency, across the African continent. The Fund’s operations are categorised according to three thematic areas, namely Green Baseload, Green Mini-Grids and Energy Efficiency. The assignment described here will be undertaken under the Green Baseload theme.
3. The AETC Program consolidates the Bank’s support for Africa’s energy transition by facilitating the large-scale integration of renewable energy generation at national and regional levels. The Program consists of various Technical Assistance workstreams including regional integration, national just energy transition plans and green hydrogen development.
4. Under the leadership and guidance of the SEFA Technical Unit (TU), which falls under the Renewable Energy and Energy Efficiency Department (PERN), the selected Consultant’s core duties will include but not be limited to:
 - (i) **Program coordination:** Lead the delivery of the AETC program, across all its workstreams including supporting the procurement of consultancy firms and Individual Consultants; monitoring the implementation of approved projects and programs, as well as supporting their timely progression to completion. This will include regular supervisory reviews, liaison with the Bank’s clients, partners and service providers, as well as the compilation/review of progress and completion reports.
 - (ii) **Technical support:** Active management of consultants, including with the provision of critical reviews of outputs/deliverables commissioned under AETC to ensure quality and achievement of key objectives.
 - (iii) **Development of knowledge management products:** Provide analytical support and contribute to the development and dissemination of briefs, reports and presentation on best practices and key industry developments in technologies (e.g., renewable energy, green hydrogen, electro-mobility, energy transition frameworks, as well as innovative financing mechanisms).
 - (iv) **Operational and strategic support:** Activities within SEFA or the Bank broadly, including contributing to internal and public management reports/documents.
5. Interested eligible Consultants shall provide information on their qualifications and experience demonstrating their ability to provide the services (documentation such as CVs, references to similar services, demonstration of experience in comparable assignments, etc.). The Consultants should demonstrate the following: Experience in the management and the

development of grid-connected renewable energy programs/projects - gained in more than one African country - and working experience with international financial institutions/development organizations are required. Proficiency in both English and French is preferable.

6. The eligibility criteria, the establishment of a shortlist and the selection procedure shall conform to the Bank's Rules and Procedure for the Use of Consultants under projects financed by the Bank Group. Please note that the expression of interest by a consultant does not imply any obligation on the part of the Bank to include the Consultant in the shortlist. The Bank retains the right to postpone or cancel this recruitment process.
7. The assignment will be for a duration of 12 months (with a possibility of renewal subject to satisfactory performance).
8. This is a re-advertisement, and consultants who had earlier applied for the position need not reapply.
9. Interested Consultants can obtain more information by writing to the email address mentioned below. Expressions of Interest must be received by e-mail at the address below no later than **03 May 2023 at 12pm local (Abidjan) time** and should specifically mention the name of the assignment (i.e. "Individual Long-term Consultant – AETC Program Officer").
10. Attn: Mr. Joao Duarte CUNHA,
Division Manager PERN3,
Renewable Energy and Energy Efficiency Department
E-mail: T.MUNGAI@AFDB.ORG with copy to M.THOBELA@afdb.org and C.mollinedo@afdb.org
11. A shortlist of three to six individual consultants will be established at the end of the request of expressions of interest. The consultants on the shortlist will be judged on the following criteria:

Criteria	Weight
Level of education (Masters degree in engineering, business administration or similar)	30
Level of experience relevant to the assignment	50
Experience in the region	10
Language proficiency	10
